**SUPPLEMENTARY DECLARATION**

Sir:

We, the undersigned, Sharon Duvdevani, Tally Gilat-Bernshtein, Eyal Klingbell, Meir Mayo, Shmuel Rippa, and Zeev Smilansky hereby declare as follows:

- 1) We are the co-inventors of the subject matter described and claimed in claims 1 – 16 of the patent application identified above.
- 2) On August 15, 2005 we submitted a declaration on 37 CFR §1.131. The declaration included attached documentary evidence. Some of the attached evidence was excerpted from system documentation (the "Documentation") that had been written by co-inventor, Mr. Shmuel Rippa.
- 3) The Documentation documents operation an entire system for software based defect detection that had been developed by a team including many members.
- 4) The Documentation was intended for internal use. The task of preparing the Documentation was assigned to Shmuel Rippa, and he wrote the entire document.
- 5) In accordance with the policy at the time, for the project in connection with which the Documentation was written, the only person whose name appears on internal system documentation is that person who actually wrote the document, notwithstanding that other members of a development team contributed to development of the system. As noted above, the person who wrote the above Documentation was co-inventor Shmuel Rippa.

We hereby declare that all statements made herein of our own knowledge are true and that all statements made on information and conjecture are thought to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application of any patent issued thereon.
